

Table of Contents

Music Theory, Mathematics and Playing By Ear	I
How to Use This Book.....	VIII
1 - Note Names.....	1
How to find the notes on keyboards and fretboards, diagrams and explanation of standard tuning for lots of stringed instruments, notes on the staff, clefs, tablature, percussion clef, explanation of repeat signs, exercise for guitar, bass, mandolin, mandola and banjo, written quiz.	
2 - Counting	28
Note and rest values, time signatures, metronome settings, largo, adagio, etc, counting, odd meters, triplets, ties, slurs, dotted notes, counting exercises, pickup measures, introduction to reading rhythm, written quiz.	
3 - Intervals: Part One	67
Melodic and harmonic intervals, basic intervals, (2nd through octave) guitar tuned in 4ths, mandolin and others tuned in 5ths, seven-string guitar, inverting intervals, parallel 4ths, blues turnaround, playing exercises, written quiz.	
4 - Intervals: Part Two	101
Sharps, flats and naturals, enharmonic and accidental, half and whole steps, written quiz and playing exercises.	
5 - Intervals: Part Three.....	112
Perfect intervals, major intervals, altering intervals, tritone, inverting intervals, written quiz and playing exercises.	
6 - Scales.....	131
Major scale, solfege, scale degrees, movable scale forms for guitar, modes, natural minor scales, harmonic minor scales, melodic minor scales, chromatic scales, diminished scales, whole tone scale, major and minor pentatonic scales, blues scales and altered scales, speed building exercise, arpeggios, sight singing exercise.	
7 - Major & Minor Chords	207
Complete explanation of major chords, minor chords, the CAGED sequence, barre chords, chord inversions, diatonic triads, arpeggios, strumming patterns, swing, syncopation, beginning chord exercises, written quiz, playing exercises.	
8 - Beyond Major & Minor Chords	279
Full explanations and diagrams of chord extensions and alterations (6, 7, 9, 11, 13, m6, m7, m9, m11, m13, b5, #5, b9, #9, etc.), explanation and diagram of stacking 3rds, “slash” chords, full list of 75 extended and altered chords, recommended list of 16 essential chords, diagrams of 22 extended and altered chords for guitar and mandolin, mandola and tenor banjo, diagrams of 15 “L” chords, written quiz, beginning and advanced playing exercise using extended and altered chords.	

9 - Augmented, Diminished and (alt.) Chords 314

Full explanation and diagrams of augmented, diminished chords and (alt.) chords. Augmented triads, augmented 7th chords, diminished triads, diminished 7th chords, half diminished chords, (alt.) chords, written quiz, playing exercises for guitar, mandolin, mandola and tenor banjo.

10 - The Key..... 334

Diatonic triads within a key, naming triads with Roman numerals, Nashville number system, transposing, modulation, key signatures, circle of 5ths, introduction to blues slide tunings, explanation of transposing instruments, “cross-harp blues harmonica,” capos, web link to “Who’s on First” by Abbott and Costello, open tunings, drop D tuning, E tuning, DADGAD, transposing charts for major, natural minor and harmonic minor keys, written quiz, playing exercises.

11 - Chord Progressions..... 381

Four-bar progressions, Eight-bar progressions, Doin’ the Two-Five-One, Eleven Variations on a Twelve-Bar Blues, Introduction to playing complex progressions in a 5-fret span, half-step substitutions, common folk, rock, bluegrass, country, blues and jazz progressions.

12 - Melody, Harmony, Scales and Chords 431

How to use scales and basic triads to find melodies and harmonies by ear, Major scale in four-part harmony to include 7ths. Harmonic minor scale in four-part harmony to include the 7ths, counterpoint, close harmony, parallel harmony.

13 - Reading The Road Map 467

This is the “legend for the road map,” Part names (like Intro, verse, chorus, etc), repeat signs, da capo, al fine, da coda, dal segno, fakebooks, how to make a chart, exercise for reading music. Suggestion for use of commercial “Play Along CDs,” sample of charts, written quiz.

14 - Putting It All Together 505

Uses concepts and skills from previous chapters to illustrate how to take a melody to any song and figure out the chords “by ear.” Uses familiar “public domain” songs for examples and includes historical information about the songs.
